Tips for submitting a great video audition:

You do not need to make your video audition on professional equipment; a smartphone will be sufficient.

Do take into account some of the tips below to ensure we can see and hear you!

- Keep your audition video to a maximum of two (2) minutes.
- Make sure the sound and image is clear, in a well-lit area and high definition quality to ensure Cahoots can judge your performance. Test your video, practice and adjust if needed.
- Remember, your audition, if shortlisted, will be promoted on Cahoots public website, social media and other promotional platforms during the voting process.
- In general, unless you are using your body in the performance, aim the camera on your head, shoulders and upper body.
- Consider your outfit! Choose something you are comfortable in and that compliments your performance.
- Sing or use a song you love and that suits your voice/act!
- We want to see you in the video so don't worry about the setting but do make sure there are minimum distractions in the background.
- Pretend you are performing to an audience and not directly into the camera. Focus on a spot just off to the side of the camera.
- Smile and enjoy yourself - confidence goes a long way!

IMPORTANT SUBMISSION INFORMATION
